9:30 Sunday School for all ages

The Real God:

**What we believe about God
is the most important thing
about us.**

You are invited to join us January 6, as we begin the new year with this powerful 8 week church-wide experience and Bible Study series. God will bring a fresh sense of purpose in our faith, relationships, decision making, and even our worldview. We will "go deeper" into His Word as one church together to focus on God's character, and rediscover together His grace, love, and power in our lives.

January Newsletter

Thank you so much for purchasing Christmas gifts for the children at Small Steps nurturing center. With your help we were able to provide gifts for 14 students!

Please join us for our 2nd annual family movie night on January 18th. The movie will begin at 6:00pm in the Gym. Hotdogs, popcorn and snacks will be served. Don't forget to bring your blankets and lawn chairs!

January 28—February 1 is National Lutheran schools week!

National Lutheran Schools Week provides nearly 2,300 LCMS schools with the public opportunity to proclaim and celebrate God's work. Every day this week the children can wear something special.
Monday: Superhero Day
Tuesday: Crazy hair day
Wednesday: Hat day
Thursday: PJ day
Friday: Sports team day!

Don't forget, tuition is due on the 1st of every month or the 1st and 15th if you pay bimonthly. Tuition is considered late after the 15th of the month. You can pay by check or use the pay portal by visiting the preschool website at www.stlhouston.org/brightbeginners. From there you will scroll down and click "Online Tuition". You will be able to have full control of this account!

Please remember to sign your child in every morning and out every afternoon. This information is required by the state of Texas. The sign in book is at the front of the school to the right of the mailboxes. The infant sign in book is on the left of the counter as you walk into the infant area. Thank you for helping us maintain these records.

Spotlight on P11

This year, in T5, we have already learned so much and have been having lots of fun in the process! We have really come a long way since we started together back in August and are thoroughly enjoying our circle times and group activities. We have engaged in many science experiments, exploring chemical reactions, weather, seeds, animals, density and more! The children have also been expressing their creativity through our various art projects, learning to paint, glue, and even some cutting. Our sensory bin continues to be a favorite center. In the sensory bin, the children have played with “snow”, experimented with different volumes using beans, manipulated kinetic sand, sharpened their fine motor skills tearing paper, and so much more! We are so proud of how far the children have come in their knowledge about our world and of letters and letter sounds, numbers, and shapes. We have an incredible group of friends!

- Ms. Melissa and Ms. Crystal
