**EASTER**

The school will be closed for the Easter Holiday on April 7th and 10th. We hope you will join us to celebrate Jesus' resurrection at one of our Sunday services (8 or 10:45).

### Cooking in the Classroom

Cooking in the classroom is not only so much fun for children but it is a great way for them to learn different skills. They are learning math skills by counting and measuring and working building fine motor skills as they scoop, pour and stir. Allowing children to engage with cooking also encourages to try tasting new things!

# A Peek into P2

P2 has had a great year. We enjoy playing market in the garden and having a picnic with our purchases. One of our favorite science experiments is making volcanos and watching them bubble up and explode. We can recognize numbers 1-20 and sort items into groups. We know our letters and are starting to recognize the beginning sounds of letters. Our favorite outdoor area is the outdoor classroom. We love to play with the cars, build ramps, and Water Table Wednesdays. We are looking forward to the next few months to see what exciting experiences are in our future.

Mrs. Sara, Ms. Karmin , and Ms. Jacqueline
