# November

## Thanksgiving Celebration

We will be celebrating Thanksgiving as a school on November 16th at 11:00 a.m. We will begin in the sanctuary and then have a special lunch together. We hope that you can join us!

We appreciate all of the donations for our Halloween parade and parties! Thank you for all of your support throughout the school year.

During this time of year the temperature can fluctuate quite a bit during the day. Please be sure to send a jacket with your child and have it labeled with their name. It is much easier to keep track of your child's belongings when they are labeled.

Kim recently sent out an attendance survey for the week of Thanksgiving. Please help us by filling this out so that we can plan appropriately for our staffing during the holiday week.

## Save the Date!

Our Christmas Program will be here before you know it! Mark your calendar for December 7th at 6:00 p.m. The children from classes T1, T3, P5, P2, P4, P6 and P7 will participate.

For the seventh year in a row we will be supporting at risk children that attend Small Steps Nurturing Center, a preschool in the Fifth Ward of Houston. This year we will collect gifts for 10 of their students so that they can experience the love of Jesus at Christmas time. We are so thankful for your help with this in the past and are looking forward to another year of blessing these families. You will receive a sign up genius link so that you can choose what gift you would like to provide. We will need the gift wrapped and brought to the school by December 8th.

## Classroom Spotlight: P4

In classroom P4, one of our Kindergarten Prep classes, we have been so excited about learning! We've recently learned about compound words and syllables to gear us up for sounding out and spelling words.

One of our favorite things to do is act out stories that we have read. This teaches us about sequencing, introduces new vocabulary, and develops listening comprehension.

Another popular activity in our classroom is all forms of art! Most of all we love to paint at the art easel. As the months have gone by, our artwork has become more detailed. Drawing and painting pictures is a first step in writing, we are telling a story with what we put onto the paper.

Something new that we started this past month is doing a weekly cooking activity. Cooking in the classroom develops our confidence in completing tasks independently, builds our fine motor skills, gives us opportunities for problem solving and includes basic math and science concepts.

### Upcoming Dates to Remember

Nov. 6-7—No School for Students who follow the Cy-Fair Schedule
