We Love Science!

Exploring science helps children develop problem solving and critical thinking skills. At Bright Beginners our students get to explore science through experiments in the classroom and taking adventures into nature around our campus. Children learn new vocabulary, learn to ask questions to help them acquire new information and start making predictions.

Upcoming Dates to Remember

March 2—Preschool Fundraiser 4-6 p.m.

March 10-14—No School for Students who follow the Cy-Fair Schedule

March 26-27—Picture Days

April 13—Spring Carnival at St. Timothy

April 17—Easter Egg Hunts

April 18—Closed—Good Friday

April 21—Closed—Easter Monday

May 22—Spring Program and PreK Graduation 6:00 p.m.

May 26—Closed—Memorial Day

May 30—End of School Year Class Parties

July 4th—Closed

August 7-8—Closed for Teacher Inservice

We had so much fun at our fundraiser! We appreciate everyone who came out and supported our school by bidding on items or making donations!

Take a look into T5 and T9!

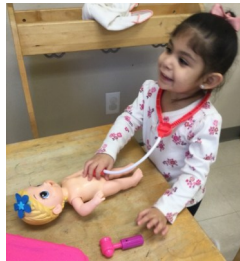

Our school year in T5 has been amazing!

Our children have learned new routines that are foundations for their school life. Every day we have activities planned that allow them to develop their motor skills, coordination, imagination and self-control. They especially love doing art projects with paint, shaving cream and paper. They also like creating, building with blocks and having messy experiences with oatmeal, sand and water in the sensory bin. Story time with "pop-up" books has been a favorite thing in our class. They love guessing what might be behind each flap in the book and waiting to find out if they were correct.

We are excited to continue learning together in a classroom full of new experiences and fun!

Ms. Jeanette, Ms. Ayari and Ms. Gabby

This school year is already flying by in T9. We are learning our colors, body parts, and animal sounds. We love to sing our Alphabet song together! We are talking and expressing our feelings so much more as we grow and develop.

We enjoy playing with toys that allow us to manipulate them. We put things together and take things apart which builds problem solving and fine motor skills. Most importantly, we love hearing about how much Jesus loves us! Some of our absolute favorite activities are painting and playing with shaving cream. I can't wait to see what the rest of the year brings us!

Ms. Sarah
